

CONFIDENTIAL

25 February 1959

MEMORANDUM FOR THE RECORD

SUBJECT: Director's Conversation With Representative John Taber

1. Late on Friday, 20 February, the Director asked me to write this memorandum to make a record of the fact that he had just discussed with Representative Taber of our House Appropriations Subcommittee the extent to which we should release financial data regarding expenditures to the House Armed Services Subcommittee (Kilday Comm.) now being briefed on Agency activities.

2. Mr. Taber agreed we could not refuse to provide the information but urged that we should not go into details. The Director suggested that we give them our expenditures by general categories for the past two or three years provided they asked for them, which Mr. Taber said would be entirely proper.
